**2. POSITION VACANT: MANAGER - ENVIRONMENTAL RESOURCE RECYCLING**

**Manager - Environmental Resource Recycling**

This is your opportunity to technically and commercially develop a major Resource Recycling Facility into a leading edge best practice waste management business. As Manager of the resource recycling facility at South East Gippsland, you will lead and manage the business unit focused on advanced technology required to process wastes.

Reporting to the General Manager, you will lead and manage the areas of Strategic Planning, Operational Management, Policy Development and Compliance, Administration and Human Resource Management. Responsibilities will also encompass the operation and maintenance of wastewater lagoon systems and the associated infrastructure. To be considered for this position you will be an innovative senior manager with experience in solid and liquid waste management and the applicable legislation and controls in Victoria. You will have a demonstrable capability to market waste recycling and management services in a competitive commercial environment. A high degree of commercial acumen, business and financial skills, as well as risk assessment ability, are required for this role. Tertiary qualifications in a related Science/Engineering field and/or a postgraduate degree in business will be highly desirable.

**Applications close: Monday 26 June 2006**

**5. INDUSTRY COOPERATIVE INNOVATION PROGRAM GRANTS**  
**Round 2 Now Open**

The Industry Cooperative Innovation Program is a \$25 million grants program, offering project funding of \$50,000 to \$3 million. Applications are now being called for round two, which closes at 5pm AEDST on Thursday, 15 June, 2006.

The program supports business-to-business cooperation on innovation projects that enhance the productivity, growth and international competitiveness of Australian industries. It will support projects focused on meeting strategic industry needs, with particular focus on those identified through an Action Agenda.

The ICIP requires a consortium to be formed from a minimum of three entities to cooperatively conduct a project on behalf of an industry. Contact an AusIndustry customer service manager, via the AusIndustry hotline to discuss your eligibility for the program, program requirements and the application process.

For more information about the Industry Cooperative Innovation Program visit this link: <http://www.ausindustry.gov.au/content/level3index.cfm?ObjectID=91F9C943-E61A-4075-BB6CE9989586B143&L2Parent=AEB901E5-7CB8-4143-A3BF33B2423F9DA6>

or visit [www.ausindustry.gov.au](http://www.ausindustry.gov.au) or call the **AusIndustry hotline** on 13 28 46 for more information.
