5. Brisbane City Council Refuse and Recycling Collection Services Tender 2010

Brisbane City Council Refuse and Recycling Collection Services Tender 2010

The Brisbane City Council will seek feedback post its [Waste Industry Forum](#) in relation to best available options for its new refuse and recycling collection contract(s) including advice relating to:

- Innovation / Technology
- Variable bin sizes & affect on collection truck efficiency
- Collection Vehicles
 - single pass versus dedicated
 - vehicle types (sustainability & efficiency)
- Collection Zones and run routes
- One contract versus separable portions
- Waste and vehicle tracking systems
- Best Industry Practice
 - Contract Terms and Conditions
 - KPI's
 - plant, equipment, depots, disposal points, etc
- Ability of cab chassis and body builders to meet the manufacturing requirements of the Brisbane City Council and Gold Coast, as both tenderers are likely to go to market at same time with similar commencement dates

Due to probity issues, questions will only be answered during the [Brisbane City Council's Waste Industry Forum](#).

Feedback should be directed to:
John Hogg
Brisbane City Council
E: John.Hogg@brisbane.qld.gov.au

Closing date for submissions: Friday 11 April, 2008

4. Fellowship Opportunity - The Pratt Foundation / ISS Institute Overseas Fellowships

For those working in trades • artisans • technical disciplines in any Australian state or territory

Four positions are being offered for the **Overseas Fellowship Program**. Applications are invited in the **Environment and Heritage Industries**. Submissions in other areas will not be considered.

Whether you have had previous experience in preparing submissions and require more information, or had never applied for any grant or fellowship before, the ISS Institute can assist, where possible, in the preparation of submissions.

The **Fellowship Guidelines & FAQ** sets out the nature, scope and criteria for the **Overseas Fellowship Program**. Winners of past Fellowships have given permission to make their applications available to use as a reference.

To obtain the Guidelines or further information, please contact the ISS Institute on:
T: 9882 0055
E: issi.ceo@pacific.net.au
W: www.issinstitute.org.au

Applications to be received no later than Monday 30th June 2008, 4pm at the ISS Institute office.
